

ULC-S630 Vertical Single and Double Wall Tank

Single- or double-wall vertical steel tank compliant with ULC-S630, designed to provide a safe and durable solution for applications requiring large storage capacity.

1 year (standard) – 10 years with vitreous enamel lining
(internal inspection required every 24 months)

Key Benefits

Key Features

- ULC-S630 compliant
- Vertical configuration
- Available in single- or double-wall configurations
- Capacity up to 113,562 L (30,000 gallons)

Construction

- Exterior sandblasted finish
- Two-coat white epoxy finish

Key Strengths

- Vertical configuration for optimized space utilization
- Large capacity (up to 30,000 gallons)
- Available in single- or double-wall configurations
- Robust construction with epoxy coating
